Where the Roads Divide

ALL ROADS ARE OPEN TO THE FEET OF YOUTH.

There are the roads of Self-Indulgence -- of spendthrift Prodigality -- of wasteful Extravagance. There is the road of Thrift and Wise Expenditure.

If you would know where these roads lead, look at the men who have travelled them, and consider that every old man was a young man once -- filled with the same hopes and aspirations as you are today.

The farther and faster you travel on the wrong road, the farther you will be from your goal.

Life Insurance will keep you on the right road -- because Life Insurance encourages thrift and conservation.

Let the Life Insurance representative show you how easy is the bathway to ultimate success.
